Happy Birthday to Our Founder!

Dale Dodrill, our founder, was born in Stockton, Kansas back when the cost of a new Dodge was under eight hundred dollars, the first frosted light bulb had just been invented, and the population of Colorado was around 1 million.

Today, a comparable Dodge can cost as much as thirty thousand dollars, filament bulbs are being replaced by LED, and the population of Colorado is over 5 and a half million.

Early in Dale's life, he and his family moved to Laporte, Colorado to escape the Dustbowl. Graduating early from high school, Dale served our country under Patton during WWII. At the end of the war, Dale went to CSU to graduate with a degree in agriculture. It was during this time that Dale's football career began to advance. He went on to a successful (all pro 5 years) professional career as a linebacker with the Pittsburgh Steelers and as the first defensive coach for the Denver Broncos.

Dale began selling insurance during the off-season which lead him to start Dodrill Insurance after playing in the NFL.

Dale in 1961 and Now

While a lot has changed over the years, the values Dale founded his business on, still guide us. Serve with integrity, principle over profit and develop relationships are the values we are committed to uphold.

We sincerely appreciate Dale!
